

FACTSHEET - AS OF 22-Feb-2024

DER AKTIONÄR Künstliche Intelligenz Index

DESCRIPTION

Artificial intelligence (AI) is the ability of a computer or machine to learn from experience and adapt to new information and circumstances. Most applications of AI are based on deep learning. With this technology, computers and machines can be trained for specific tasks and thus be able to recognize certain data patterns. Applications of artificial intelligence are versatile and exist in autonomous driving, cybersecurity, facial recognition and online shopping, for example. "DER AKTIONÄR Künstliche Intelligenz Index" gives investors the opportunity to take advantage of this megatrend. The index consists of 15 shares.

It is not possible to invest directly in an index. Exposure to assets represented by an index is available through investable financial instruments that seek to provide an investment return based on the performance of an index. A decision to invest in any such financial instrument should not be made in reliance on any of the statements set forth in this document. Prospective investors are advised to make an investment in any such financial instrument only after carefully considering the risks associated with investing in such financial instruments, as detailed in an offering memorandum or similar document that is prepared by or on behalf of the issuer of the financial instrument or vehicle.

The financial instruments are not sponsored, promoted, sold or supported in any other manner by Solactive AG nor does Solactive AG offer any express or implicit guarantee or assurance either with regard to the results of using the Index and/or Index trade mark or the Index level at any time or in any other respect. Solactive AG makes no assurance that financial instruments based on the index will accurately track index performance or provide positive investment returns. Solactive AG is not an investment adviser and nothing in this factsheet constitutes a recommendation by Solactive AG to invest capital in financial instruments nor does it in any way represent an assurance or opinion of Solactive AG with regard to any investment in a financial instrument. Inclusion of a security within an index is not a recommendation by Solactive AG to buy, sell, or hold such security, nor is it considered to be investment advice.

Past performance should not be considered as indication or guarantee of any future results. Charts and graphs are provided for illustrative purposes.
